4 Rhododendron Park Waterfront & Natural Open Space Access

Project Description: Enhance water access to the Sammamish River by hand-carry boats (kayaks, canoe, etc.) with an improved access drive adjacent to 68th Ave. NE and drop-off area for a future boat house. The new access and parking will be connected to the existing park improvements with a boardwalk and nature trail through the wetland area.

Cost Estimate

Construction Cost	$	640,000
Admin / AE / Permit Cost	$	160,000
Total Project Cost	**$**	**800,000**
